## 3. University Policies

- College Nine and College Ten policies are consistent with University policies found in the *UCSC Student Policies and Regulations Handbook* and viewable at <http://www2.ucsc.edu/judicial/handbook.shtml>
- Relevant portions of *Section 40, Policy on the Use of University Properties* are excerpted below for reference:

Section 40.40 On university grounds open to the public generally, as may be described in campus regulations, all persons may exercise the constitutionally protected rights of free expression, speech, assembly, worship (including the distribution or sale of noncommercial literature incidental to the exercise of these freedoms). Such activities shall not interfere with the orderly operation of the campus and must be conducted in accordance with campus time, place, and manner regulations.

Section 40.41 For the purpose of these regulations, "grounds open to the public generally" are defined as the outdoor areas of the campus (e.g., lawns, patios, plazas) that are at least 10 feet from the entrances/exits of campus buildings and parking lots, and that are also a safe distance from the curbing of campus roads. Outdoor recreational areas (e.g., playing fields, courts, swimming pools) and grounds adjacent to designated "private residences" (e.g., Faculty/Staff Housing, residences of the chancellor and college provosts) are excluded from this definition. All activity in open areas must be conducted in such a way that vehicular and pedestrian traffic is not impeded and normal instructional, research, and administrative activities are not disrupted. Tables (*excludes commercial activity Section 42.32*) may not be placed in areas where direct passage to or through any entrances, exits, sidewalks, or walkways are blocked. Tables may be no larger than three feet by six feet and may not extend beyond three feet of the perimeter of the table. (Additional safety restrictions may pertain to activities at or near the Quarry Plaza parking lot or campus entries.)
